Sunset Advisory Commission
Ms. Jennifer Jones
Executive Director
PO Box 13066
Austin, TX 78711-3066

Dear Ms. Jones:

Thank you for the opportunity to provide comments on the Sunset Commission Staff's Report on the San Antonio River Authority's (SARA) Sunset Review. SARA's work in Goliad is appreciated as they provide important services to our community. SARA is active in Goliad, providing Household Hazardous Waste Collection events twice a year in Goliad County. These collection events provide an opportunity for residents to responsibly recycle household chemicals, paint, motor oil, electronic waste and old tires. These events help keep the community and watershed clean by curtailing illegal dumping. Each of these events removes thousands of pounds of waste. Just a few of the services SARA has provided to the community include community assistance to the County Fairgrounds for wastewater pipes, development support for the wastewater treatment plant and collaboration to develop best management practices with the local Soil Water Conservation District. Additionally, SARA has improved access to the San Antonio River by constructing public paddling access points. We appreciate their expertise and their presence in our community. We support SARA as they have been open and available when we've called upon them for water-related assistance. SARA has been a very good partner throughout the San Antonio River Basin and we greatly appreciate their contributions to our community.

Sincerely,

Brenda Moses
Mayor, City of Goliad
