Your Comments or Concerns

You need to do more than rubber stamp industry and big businesses every request. You need to be looking out for Texass and the air they breath, the water they drink and the food that they eat. You approve everything that is put on the table from LNG export terminals to dredging Mercury

contaminated waterways so we can build more.

Your Proposed Solution

Study the consequences of projects for the health of the people and the environment.

My Comments Will Be Made Public

Yes
