Your Comments or Concerns

Greatly concerned about environmental integrity in Texas especially the Hill Country. TCEQ has a responsibility to take care of our environment and not do whatever industries demand of it. You are a steward of the environment and not an instrument of its' destruction! Please regulate projects responsibly and with a thought of what the next generation is going to have to deal with. Are we leaving them pristine land or a land so polluted that it can no longer support life itself

Your Proposed Solution

Regulate the industry responsibly!
