Your Comments or Concerns

I want to thank God for this opportunity to express the challenges that the People here in tha 5th Ward and Kashmere Gardens are exposed to, we have a dirty Air, Bad Water, Noise Pollution and a Cancer Cluster. Yet tha TCEQ continue to sign Permits so companies are allowed to come into our

Community's .Tha big problem is there's no Quality of life, every one is sick here. TCEQ chairman stated they don't select the locations where all of these concrete batches are, yet they have no problem signing Permits for these types of Dangerous and Harmful companies that Profit from this. Tha TCEQ have the Major Responsibility and an Moral and Professional Obligation to Oversee areas like Mighty 5th Ward and tha Kashmere Garden to share A Safe and Livable Environment for all, we Love our Community. 12 years is a long time to wait. Profit over People continue to cause Harm, Devastation and Death here in tha Mighty 5th Ward and Kashmere Gardens. Everything is Beautiful in it's Own Way, Welcome to Tha Mighty 5th Ward and Kashmere Gardens.

Your Proposed Solution

12 years is too long to wait on another Texas Sunset Advisory Commission to hold another meeting. A 3 year review might be a option, more people from our community at tha table to make decisions about some of these costly Problems that we are exposed to.
