#### **Your Comments or Concerns**

TCEQ is more concerned with making friends with the businesses they regulate than regulating them. In meetings, TCEQ sits with the big companies and acts like the environmental concerns of those companies are not a problem and the people who are affected by the companies are enemies. TCEQ needs a complete make over with workshops on what they are supposed to do to protect the environment.

#### **Your Proposed Solution**

First, TCEQ needs to stop cozying up to the companies they regulate. Next, all board members need

to have a clear understanding of what the are to do to protect the environment. Next, TCEQ needs to understand thei role in protecting the citizens of Texas.
