Your Comments or Concerns

I wish the commission could do more to protect us. The environment and our children are hurting. If these children don't make it, what will happen in the future? Our city is smelly and unhealthy, so it is important the commission do what it takes to keep us safe. I live in an area where the air is very dirty and there are lots of health problems in my community. I am the grandmother to 33 grandkids and 16 great-grandkids, and I want what's best for their future.

Your Proposed Solution

There needs to be the right people in control of TCEQ who will protect the people at all costs. Put God first, everything will take place.
