#### **Your Comments or Concerns**

Why is the state spending money on the TCEQ, when that department so consistently and abhorrently fails at everything to actually protect the environment?! If it is the Republican plan to have departments completely fail at their stated objective so taxpayers, out of disgust and frustration, will clamor for the dissolution of the department, they have succeeded beyond their wildest hopes.

**Your Proposed Solution**

Dissolve the TCEQ or force it to actually do its job. There should not be any alternatives. Enough of this ineffectiveness.
