Your Comments or Concerns

I have found the UGRA to be a dependable resource during my 46 years as a riverfront property owner. Their knowledge and interest in river preservation covers individual problems as well as the community at large. UGRA's sponsorship of educational programs at local venues and public schools is a great service and the backbone of Kerr resident's pride in the Guadalupe. The UGRA board and staff are flexible and forward leaning as they plan for future water needs and regulatory compliance. I am glad to contribute to their efforts through my taxes.

Your Proposed Solution

Continued support through the Sunset and legislative process.
