Your Comments or Concerns

The Pre-K partnership local ISDs have a very demaging impact on our preschool. This month (Aug) significant amount of parents have withdrawn their children (age 3 and 4 years olds) from our preschool saying they got either free or very low cost Prek program from local ISD.

We provide a very high quality childcare with STEM curriculum. We keep our cost very low to attract more families (\$330 a week). But we can't compete with free Prek program or very low cost Prek programs offered by local ISDs.

Your Proposed Solution

Give a voucher to qualified families so that they can find local preschools who meet parents requirements. Parents can pay the difference out of pocket.
