SUNSET IN TEXAS

The public often perceives government agencies as inefficient, intrusive, burdensome, and outdated. In 1977, the Texas Legislature created the Sunset process in part to address these perceptions and also to limit government expansion by examining the need for and the effectiveness of state agencies and their programs.

Today, Sunset continues to be a powerful oversight tool the Legislature uses to regularly evaluate state government in a focused and structured way. The Sunset process shines a light on state agencies and programs to see if they are still relevant in a changing world. If the answer is yes, Sunset recommends improvements to make them more effective and efficient. If the answer is no, Sunset recommends abolishing the agency or transferring its functions to another agency better suited to perform its duties.

Sunset is
an effective
legislative
oversight tool.

What is Sunset and how does the process work?

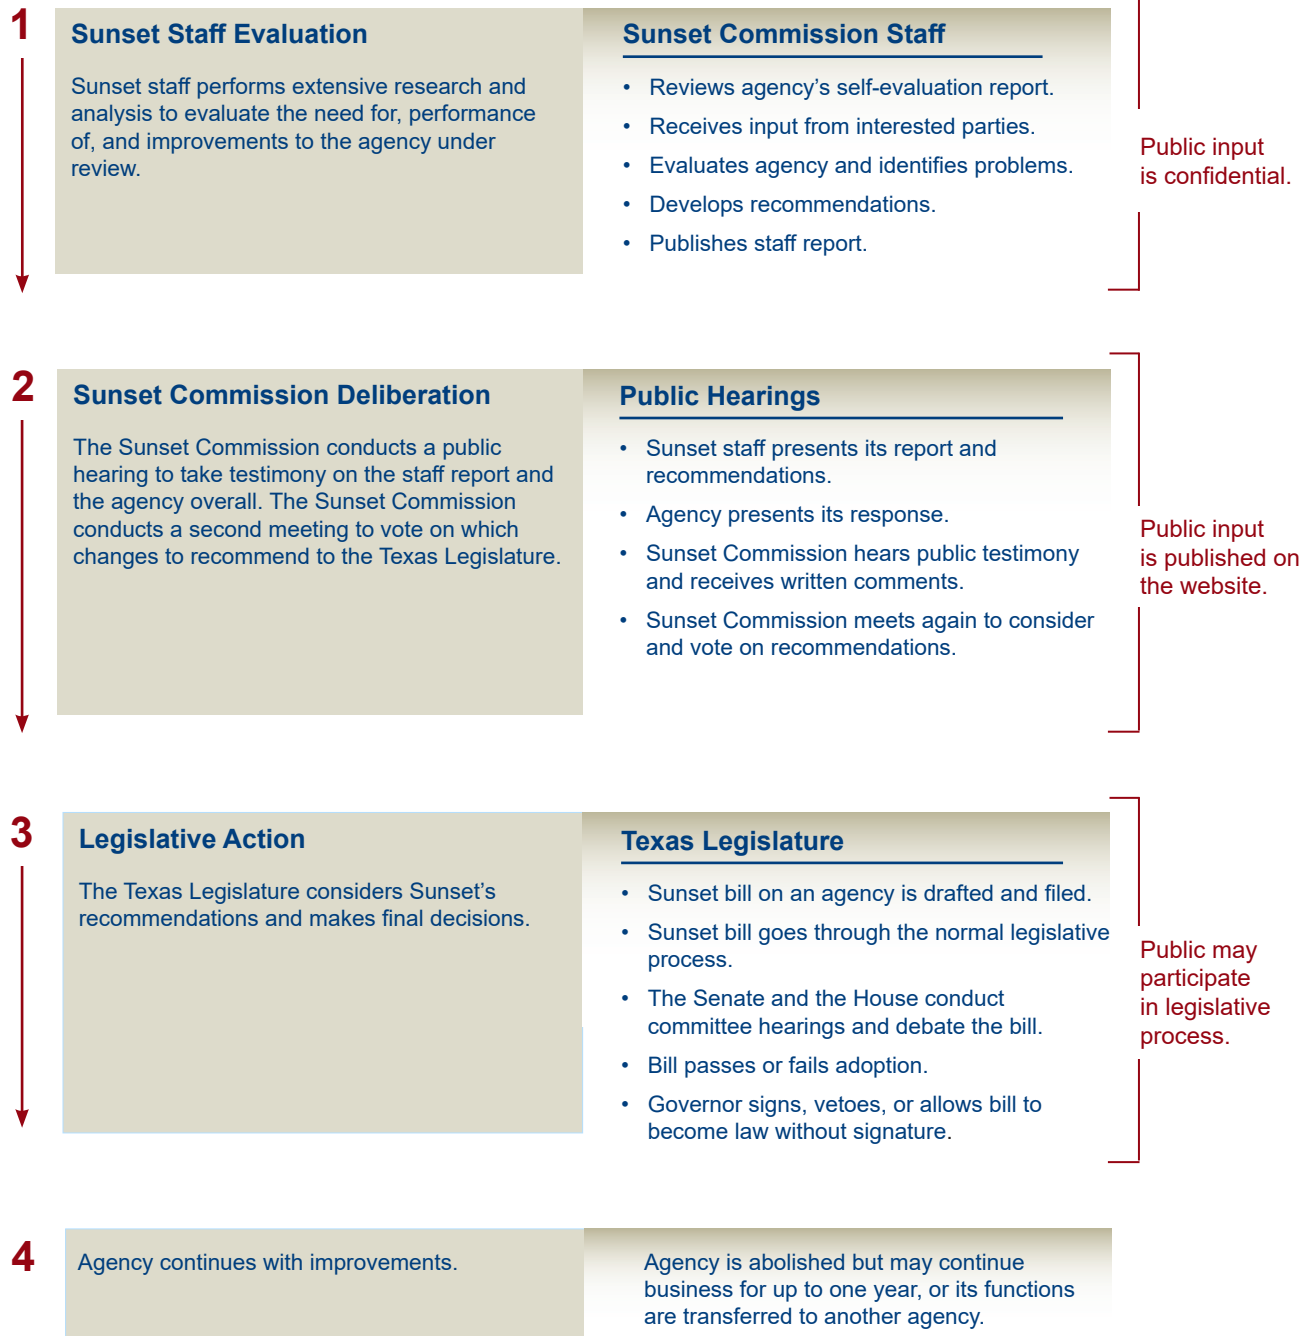

Sunset is the regular assessment of the continuing need for a state agency or program to exist. The Sunset process works by setting an automatic termination (Sunset) date in state law on which an agency will be abolished unless the Legislature passes a bill to continue it, typically for another 12 years. This date determines when an agency is subject to Sunset review and provides the Legislature a unique opportunity and strong incentive to closely examine an agency's mission, priorities, and performance and to take action to address problems identified.

Unlike other legislative oversight agencies that evaluate an agency's financial accountability or compliance with state and federal laws, a Sunset review starts by asking a more fundamental question — is the state agency still needed? A Sunset review also evaluates the agency's programs, rules, operations, and success in fulfilling its mission. As part of the review, Sunset also seeks public input to identify problems and opportunities for improving the agency. The chart on the following page, *Sunset Review Process*, summarizes what happens during each stage of a Sunset review.

Who is the Sunset Commission?

The Sunset Commission has 12 members: five senators and one public member appointed by the lieutenant governor and five representatives and one public member appointed by the speaker of the House of Representatives. The Senate and House members serve four-year terms, and public members serve two-year terms. The commission's chair and vice chair positions rotate between the Senate and the House every two years. The Sunset Commission appoints an executive director who employs staff members to conduct Sunset reviews, support Sunset Commission meetings, serve as a resource during session, and perform other duties on behalf of the commission.

Sunset Review Process

How many agencies are under Sunset review?

Sunset currently has 134 entities scheduled for review during the next 12 years. The Legislature sets the Sunset review schedule in law, but the agencies and their Sunset dates are subject to change every legislative session. Sunset is scheduled to evaluate an average of 22 agencies every two years through 2037. A few agencies under Sunset review are not subject to abolishment such as river authorities and state agencies created by the Texas Constitution. Most judicial and higher education agencies are not subject to Sunset review.

The Legislature has placed 134 agencies and entities under Sunset review.

What changes can be made through Sunset?

The Legislature makes the final decisions on statutory changes to an agency based on the Sunset Commission's recommendations and public input. Typically, the Sunset Commission recommends whether to abolish or continue an agency or to combine the functions of two or more agencies to streamline state government. The commission also recommends statutory changes to solve problems identified in the Sunset staff report and during public hearings. In addition, the Sunset Commission can issue management directives to an agency to address operational concerns identified during the staff review or public hearing. A few agencies undergo a special purpose or limited review which focuses on specific topics and issues specified by the Legislature.

What guides a Sunset review?

Since its creation in 1977, the Sunset process has evolved into a robust, structured process with specific review criteria, across-the-board recommendations, and models for good government best practices. These Sunset review components are briefly described below. The Sunset website has more information and can be found at www.sunset.texas.gov.

- **Sunset review criteria.** The Legislature has established general criteria in the Texas Sunset Act for the Sunset Commission and staff to consider when reviewing all agencies as well as specific criteria for reviews of occupational licensing agencies, regulatory agencies, and limited reviews of regulatory agencies where the Sunset Commission has identified deficiencies or recommendations for improvement in the agency's rulemaking process. The textbox on the following pages, *Texas Sunset Act Review Criteria*, summarizes the criteria in Sections 325.010, 325.011, 325.0115, 325.016, and 325.0124, Government Code, which generally focus on the agency's efficiency, effectiveness, fairness, and accountability.
- **Sunset across-the-board recommendations.** The Sunset Commission has adopted across-the-board recommendations (ATB) based on the Legislature's Sunset review criteria. These ATBs apply consistent standards for open, responsive, and effective government across all state agencies under Sunset review. Examples include ensuring public representation on governing boards, prohibiting conflicts of interest, and providing opportunities for public comments at agency board meetings.

Statutory criteria and evaluation tools guide every Sunset review.

- **Model standards.** Sunset has developed several models to help guide reviews, including models for licensing and regulation, contracting, grantmaking, and nonprofit organizations. These models are built on Sunset’s four decades of experience in evaluating state government as well as other published best practices. The *Sunset Licensing and Regulation Model* is a nationally recognized set of standards for reviewing licensing agencies and programs. This model examines every aspect of a licensing agency or regulatory program, from the need for the agency to how licensing and enforcement should work. Before recommending changes to an agency’s statute based on these standards, the Sunset Commission considers the agency’s specific circumstances, ability to protect the public, and services to licensees.

Texas Sunset Act Review Criteria

All Sunset Reviews

1. How efficiently and effectively do the agency and its advisory committees operate?
2. How successful has the agency been in achieving its mission, goals, and objectives?
3. Does the agency perform any duties that are not statutorily authorized? If so, what is the authority for those activities and are they necessary?
4. What authority does the agency have related to fees, inspections, enforcement, and penalties?
5. In what ways could the agency’s functions and operations be less burdensome or restrictive and still adequately protect and serve the public?
6. How much do the agency’s programs and jurisdiction duplicate those of other agencies, and how well does the agency coordinate with those agencies?
7. Does the agency promptly and effectively address complaints?
8. To what extent does the agency encourage and use public participation when making rules and decisions?
9. How has the agency complied with state and federal requirements regarding equal employment opportunity, the rights and privacy of individuals, and purchasing guidelines for historically underutilized businesses?
10. How effectively does the agency enforce rules on potential conflicts of interest among its employees?
11. How effectively and efficiently does the agency comply with the Public Information Act and the Open Meetings Act?
12. Would abolishing the agency cause federal government intervention or a loss of federal funds?
13. Do the agency’s statutory reporting requirements effectively fulfill a useful purpose?
14. Does the agency comply with cybersecurity best practices?
15. Does the agency use artificial intelligence systems in its operations? If so, how does the agency provide oversight of the use of artificial intelligence systems, and what is the impact of the use of artificial intelligence systems on the agency’s ability to achieve its mission, goals, and objectives?
16. Does the agency sell personal data? If so, what is the purpose, nature, and underlying statutory authority of the sale of that data?

Texas Sunset Act Review Criteria (continued)

Occupational Licensing Agency Reviews

1. Does the agency's occupational licensing program serve a meaningful public interest and provide the least restrictive form of regulation needed to protect the public interest?
2. Could the program's regulatory objective be achieved through market forces, private certification and accreditation programs, or enforcement of other law?
3. Are the skills and training requirements for a license consistent with a public interest, or do they impede applicants, particularly those with moderate or low incomes, from entering the occupation?
4. What is the impact of the regulation on competition, consumer choice, and the cost of services?
5. Does the agency provide sufficient information on its website to enable the public to locate and verify licensed service providers and to file a complaint?

Regulatory Agency Reviews

1. Are the agency's performance measures and related targets aligned with the mission, goals, and objectives of the agency?
2. Are the agency's performance measures and related targets appropriate for assessing the agency's achievement of goals?

Limited Reviews of Certain Regulatory Agencies

1. Does the agency comply with best practices for rulemaking? Does the agency encourage public participation in making its rules and decisions? Has public participation in the agency's rulemaking process resulted in rules that benefit the public?
2. Does the agency adopt and enforce rules relating to potential conflicts of interest among its employees?
3. Does the agency identify rules that are unnecessary, ineffective, or inefficient?

PUBLIC PARTICIPATION IN SUNSET

Public participation is invaluable to the Sunset process and is welcomed at every stage to ensure everyone can have a say on agencies undergoing Sunset review. Individuals, organizations, and businesses directly or indirectly affected by an agency's operations and services have first-hand knowledge and experiences about the agency that can help Sunset identify problems and opportunities for improvement.

How to Get Involved

Here's how the public can get involved at every stage of a Sunset review. The table on the following page, *Sunset Review Timeline for the 90th Legislature*, provides general timeframes for each review stage.

- **Learn about the agencies currently under Sunset review.** The Sunset Commission begins a new review cycle every two years in the fall of odd-numbered years. Sunset posts a list of agencies under review on its website, along with the required self-evaluation reports (SER) submitted by each agency in the current review cycle. In the SER, agencies describe their mission, functions, and programs, provide operational and performance data, and identify potential issues and opportunities for change through the Sunset process. The Sunset website also contains historical reports from previous Sunset reviews of the agencies dating back to 1978.
- **Provide comments to Sunset staff.** Sunset staff actively seeks public input when reviewing an agency. Interested persons and organizations may confidentially share their concerns and ideas about the agency with Sunset staff before the Sunset staff report is published. The Sunset website provides the project manager's contact information and has a confidential public comment form that goes directly to Sunset staff. Comments provided to Sunset staff during this phase are confidential and are not published or forwarded to the agency or the Sunset Commission members or their offices.
- **Read the Sunset reports.** At the end of each agency's staff review, Sunset publishes an independent staff report with recommendations to the Sunset Commission. Sunset updates each agency's report with new information twice during the review process; first with the Sunset Commission's decisions on the recommendations from staff and the public, and second with the Legislature's final actions on the agency's Sunset bill. In addition to the individual agency reports, Sunset publishes two summary reports, one at the beginning of the regular legislative session and one at the end.

Individual Complaints and Cases

Sunset welcomes public comments on an agency's rules, processes, and regulatory activities. However, the Sunset Commission does not get involved or intervene in individual complaints, grievances, or administrative or legal cases, including those relating to a state agency under review.

Sunset is not an ombudsman's office or an avenue for appeals and cannot influence or override an agency's decisions. The Sunset Commission and staff may not accept confidential documents, written comments, or public testimony containing details about individual cases or appeals.

- **Comment on staff reports and testify at Sunset public hearings.** After Sunset publishes the staff report on an agency, the Sunset Commission holds a public hearing on the report and the agency. Anyone can submit written comments before and at the hearing and may also testify on the Sunset staff’s recommendations and raise other agency-related issues not addressed in the staff report. Written comments submitted after the staff report is published are not confidential and are shared with Sunset Commission members and posted on Sunset’s website, as are any comments submitted for Sunset’s public hearing on an agency.
- **Participate in the legislative session.** The Legislature must pass a bill to continue an agency that is subject to abolishment under the Sunset Act and to make other statutory changes to an agency under Sunset review. The public can participate in the legislative process as they would with any bill, including contacting elected officials and testifying at legislative committee hearings about an agency’s Sunset bill. For more information about the legislative process, visit www.capitol.texas.gov.

Sunset Review Timeline for the 90th Texas Legislature

September 2025	The Sunset Commission posts a list of agencies currently under review and the agencies’ self-evaluation reports on its website.
September 2025 to January 2027	Sunset staff evaluates each agency scheduled for review and publishes a staff report with recommendations to the Sunset Commission. Sunset posts the staff reports on its website. The Sunset Commission holds a public hearing and decision meeting on each agency. Public comments submitted before the Sunset staff report is published are confidential and are not forwarded to the agency being reviewed or to Sunset Commission members or their staff. Public comments submitted after the Sunset staff report is published generally are not confidential and are shared with commission members and posted on Sunset’s website, as are any comments submitted for Sunset’s public hearing on an agency.
February 2027	The Sunset Commission submits a report to the Texas Legislature summarizing the decisions of the commission for every agency under review and posts this report on its website.
January to June 2027	The Legislature considers Sunset bills for each agency under review during the regular legislative session held every two years. The introduced version of each bill contains the Sunset Commission’s statutory recommendations, and the Legislature may change or remove these recommendations and add new ones to the bill. After session, Sunset publishes a summary report with the Legislature’s final actions for every agency under review and posts the report on its website.

Accommodations for People with Disabilities

For the Sunset process to reach its full potential, everyone must be able to fully and equally participate in every phase of a Sunset review. Individuals with a disability or other special need have the right under the Americans with Disabilities Act (ADA) to reasonable accommodations to facilitate participation in the Sunset process. The Sunset Advisory Commission fully supports and encourages such participation and will work with anyone making a request for reasonable accommodations.

Listed below are examples of the types of accommodations that may be available with sufficient advance notice, generally four business days before the meeting date, to allow staff time to make arrangements for requested equipment or services.

- **Assistive listening devices.** A limited number of assistive listening devices are available for Sunset Commission meetings held at the Texas Capitol Complex.
- **Interpreter services.** Subject to availability, interpreter services may be provided for Sunset Commission meetings and meetings with Sunset staff in the Sunset office.
- **Wheelchair accessibility.** Texas Capitol Complex meeting rooms are wheelchair accessible, but rooms may be crowded during Sunset hearings. On request, Sunset staff can reserve an area with an unrestricted view of the commission's activities and provide information on accessible routes to the meeting.
- **Public hearing testimony.** Special accommodations for presenting testimony at a Sunset Commission hearing may be arranged. Accommodations to attend or participate in meetings at the Texas Capitol Complex may be subject to approval by the State Preservation Board.
- **Website accommodations.** The Sunset website at www.sunset.texas.gov is designed to meet ADA requirements. Online resources include information about the Sunset process, Sunset staff reports, reports to the Legislature, and summaries of Sunset legislation.

To request an ADA accommodation, contact the Sunset ADA coordinator at sunset@sunset.texas.gov or (512) 463-1300. To use a TTY, VCO, or HCO assistive device, contact Relay Texas at 7-1-1 and ask to be connected to (512) 463-1300.

The Capitol Building is managed by the State Preservation Board. For general information about the accessibility of the Texas Capitol Complex, please contact the State Preservation Board at (512) 463-0063.

IMPACT OF SUNSET REVIEWS

The Sunset process is a key legislative oversight tool that has significantly streamlined and improved Texas government since its inception, as shown in the textbox *Sunset by the Numbers*. Sunset promotes a culture of continuous improvement in state government by providing an objective, nonpartisan public forum to evaluate the need for state agencies and assess their effectiveness, efficiency, fairness, accountability, and responsiveness to the public.

The Sunset process has led to major improvements in nearly every area of state government by:

- Abolishing unnecessary state agencies and programs, lowering state expenditures, and modernizing outdated state laws.
- Reducing state regulation of businesses and occupations, while continuing to protect the public and providing a more equitable path to working in Texas.
- Eliminating duplication among state agencies and programs, increasing public participation and government accountability, and improving the quality, consistency, and efficiency of state government services.

Sunset by the Numbers

Streamlining Texas government

- 42 agencies and programs abolished since Sunset's inception in 1977
- 54 agencies and programs consolidated since 1977

Saving taxpayer money

- \$1.1 billion in state and federal savings and revenue gains since 1985, when Sunset began tracking
- Return of \$17 for every \$1 appropriated to the Sunset Commission since 1985

Improving state agencies and laws

- 603 state agencies and programs reviewed since 1977
- 80% of statutory recommendations have passed the Legislature since 2001

2025 Legislative Session Highlights

During the 2024-25 biennium, Sunset evaluated 13 entities, some of which related to criminal justice, information technology, and natural resources. Ultimately, the 89th Legislature adopted many of the Sunset Commission's recommendations, passing a state budget and Sunset bills that contained 76 percent of the commission's funding and statutory recommendations. Together, the commission's seven funding recommendations, 100 statutory changes, and 106 management directives will result in approximately \$135 million in net savings to the state over the next five years by eliminating waste and inefficiency, positioning the state to better serve and protect the people of Texas.¹ These savings increased the total savings as a result of the Sunset process from \$1 billion to \$1.1 billion since 1985 and increased the Sunset Commission's return on investment from \$16 for every \$1 appropriated to \$17. Significant changes adopted through the Sunset process this biennium are highlighted below.

In 2025, 76% of Sunset's funding and statutory recommendations became law.

Streamlining Program Operations to Achieve Savings

- Insufficient oversight and evaluation of the Texas Department of Criminal Justice's (TDCJ) inmate rehabilitation program has resulted in costly program placement timelines and potential risks to public safety. The Legislature required TDCJ to develop a strategic plan that would reduce

Sunset
strengthened
oversight and
efficiency
of inmate
rehabilitation
programs.

program placement timelines. Sunset staff estimated the statutorily required reduction in program placements would result in over \$147 million in savings to the state over the next five fiscal years.

Ensuring Responsive Governance

- The Sunset Commission's review of the Texas Lottery Commission (TLC) found the commission often played a passive role in critical functions, leaving the agency with no clear vision for its future and struggling to adapt to current circumstances. The Legislature abolished TLC by declining to pass a Sunset bill for TLC and transferred TLC's state lottery and charitable bingo functions to the Texas Department of Licensing and Regulation (TDLR) through Senate Bill 3070. SB 3070 includes many of the Sunset Commission's statutory recommendations for TLC and requires a limited-scope Sunset review of the state lottery during the 2028-29 biennium.
- The structures of the Department of Information Resources' (DIR) board and advisory committees could better reflect the agency's primary customer base of other public entities and better solicit customer feedback. The Sunset bill restructured the agency's governing board and adjusted DIR's advisory committees to better represent and serve government entities with widely differing information technology (IT) needs.

Requiring Necessary Strategic Planning

- A staffing crisis in the state prison system is compounded by the projected growth of the inmate population and the location of prisons in places where hiring sufficient correctional officers is nearly impossible. To tackle this problem more strategically, the Sunset bill required TDCJ to create a long-term facilities plan that identifies facility and capacity needs.
- The Sunset Commission found that four river authorities under review — the Angelina Neches River Authority (ANRA), Lower Neches Valley Authority (LNVA), Sabine River Authority of Texas (SRA), and Trinity River Authority of Texas (TRA) — need improved strategic planning and decision-making processes to support the entities' goals. Sunset directed all four river authorities to develop or strengthen formal strategic planning processes.

Sunset
enhanced
the states's
cybersecurity
reporting and
assessment
processes.

Leveraging Data and Information Technology

- With decades-old technology and paper-based and manual processes, TDCJ was in significant need of modernization. Sunset directed TDCJ to establish an office of modernization and strategic initiatives and develop plans to improve data practices and phase out outdated processes.
- The Sunset Commission found DIR could further secure the state's cybersecurity by improving reporting to the Legislature on cybersecurity and requiring state agencies to obtain certain third-party information security assessments periodically. The Legislature enacted the commission's recommendation to require DIR to require state agencies obtain tests and

assessments every two years. The newly-created Texas Cyber Command will take over this requirement as a part of the transfer of cybersecurity functions from DIR to the command through House Bill 150.

- The Sunset Commission found the Board of Pardons and Paroles (BPP) did not consistently collect data necessary to inform the agency's decision-making processes. The Legislature adopted recommendations requiring BPP to collect and analyze data and incorporate findings into training for BPP staff.
- The Texas Ethics Commission (TEC) struggled to balance long-term IT planning and goals with short-term achievable fixes. Additionally, the agency did not systematically collect data that could improve compliance. Sunset directed TEC to holistically evaluate and prioritize its IT projects and to collect and use data to improve TEC's compliance efforts.

Sunset improved BPP's data collection and training.

Enhancing Contracting and Procurement

- The Sunset Commission found that while DIR generally does a good job managing its contracted services and programs, the agency could better ensure the state gets the best deal on IT by more consistently updating vendor pricing information and by providing agencies more budgetary flexibility on staff augmentation services. The Legislature required DIR to provide more training and assistance to other agencies with IT procurements.
- TEC lacked a formal, consistent process for monitoring the performance of the agency's electronic filing system contract. Sunset directed TEC to improve its contract monitoring practices and to ensure training for key contract management staff.
- The Sunset Commission found four river authorities under review — ANRA, LNVA, SRA, and TRA — could all benefit from improved procurement and contracting processes. Sunset directed the river authorities to adopt standard best practices in contracting and procurement, including evaluating and documenting vendor performance and adopting formal contract management and monitoring policies.

Sunset directed multiple state entities to follow best practices for contracting and procurement.

Other Notable Achievements Since 1977

- **Nationally recognized best practices for state regulatory programs.** Much of Sunset's work focuses on reviewing occupational licensing and regulatory agencies to identify unnecessary or subjective barriers to working in Texas. Sunset's own nationally recognized model of best practices for evaluating regulatory laws, agencies, and programs ensures the regulation serves a needed purpose and is fair, impartial, and transparent to the public and regulated businesses and individuals.

Sunset's model has enabled the Texas Legislature to streamline and reduce regulation and continue to protect the public while removing legal barriers such as unnecessary residency and education requirements, subjective licensing

In the last three legislative sessions, Sunset eliminated 68 license, registration, and permit types.

qualifications, and excessive hours of training, practice, and continuing education. Although Sunset did not make licensing recommendations for the 89th Legislative Session, in the prior two sessions, Sunset eliminated 68 types of licenses, registrations, and permits held by more than 100,000 businesses and individuals in low-risk fields such as cemetery brokers, real estate instructors, and guard dog trainers. Furthermore, Sunset eliminated eight low-risk health regulatory programs and improved the efficiency and effectiveness of 17 other occupational licensing programs by moving them to more appropriate agencies.

Sunset overhauled outdated and inefficient alcoholic beverage regulations.

- **Improve efficiency of state licensing and regulatory programs.** TDLR's functionally aligned structure allows it to eliminate duplicative administrative functions and maximize efficiency by performing similar licensing, customer service, and enforcement processes across all its programs. However, the 2020-21 Sunset review found that decades of receiving new or troubled programs stretched TDLR's ability to take on additional responsibilities without jeopardizing the quality of service to licensees and the general public. Acknowledging this challenge, the TDLR Sunset bill eliminated 29 unnecessary licenses; streamlined the regulation of barbers, cosmetologists, and driver training providers; and directed TDLR to be more data-driven in its inspection and enforcement processes to focus its resources on the highest risks to the public.
- **Modernization of Prohibition-era alcoholic beverage laws.** During the 2018-19 review of the Texas Alcoholic Beverage Commission, Sunset found that Texas regulated the alcoholic beverage industry under laws that were largely unchanged since they were enacted in 1935, shortly after Prohibition ended. The Sunset review strengthened the agency's ability to regulate the influential alcoholic beverage industry; simplified a byzantine licensing structure by reducing licenses and permits from 75 to 36; collapsed separate beer and ale regulatory programs based solely on alcohol content into a single malt beverage category and lowered state taxes on malt beverages; streamlined a lengthy label approval process; and allowed small brewpubs to sell malt beverages to-go. Elected officials, regulators, and stakeholders praised the unprecedented modernization of alcoholic beverage laws achieved through the Sunset process.
- **Aligned regulation of behavioral health professions.** The Legislature consolidated four behavioral health regulatory agencies into a new umbrella licensing agency based on Sunset's findings of serious problems such as backlogs in processing licensing applications and investigating complaints. The Texas Behavioral Health Executive Council now oversees and coordinates the licensing and regulation of marriage and family therapists, professional counselors, psychologists, and social workers. This new structure aligns and improves regulation, standardizes licensing and enforcement, and creates administrative efficiencies and economies of scale, while also preserving each profession's individual standards.

- **New financing tools and transparency for state transportation projects.**

Sunset reviews of the Texas Department of Transportation provided new tools to meet transportation needs, including creating the State Infrastructure Bank to help fund local transportation projects, encouraging privatization of engineering services, and improving monitoring of highway contracts. Sunset also focused on restoring legislative and public trust in the department, resulting in a more integrated and understandable transportation planning process, a system to measure progress in meeting state transportation goals, a public involvement policy, and procedures for handling complaints.

Sunset improved financing tools and processes for transportation projects.

- **Streamlined, more accountable state pension plans.** The Sunset process led to a more equitable state pension system for teachers and state employees by allowing people who had contributed to both the Employees Retirement System of Texas (ERS) and the Teacher Retirement System of Texas to combine their years of service for retirement eligibility. Sunset legislation also changed pension calculations, increasing pension checks for many retired teachers. Sunset strengthened oversight of the ERS' board and transparency of the agency's alternative investments, provided more opportunities for stakeholder input in the group benefits program, and enabled members to directly participate in the insurance appeals process.

¹ The net savings of these Sunset reviews stem from an estimated \$151 million in savings from Sunset recommendations for the Texas Department of Criminal Justice, which are offset by costs from Sunset recommendations for the Texas Ethics Commission and the Department of Information Resources.

¹ Statute requires agency to be reviewed in conjunction with the agency listed above it.

² Limited-scope review.

³ Limited-scope review. The 89th Legislature declined to pass either introduced Sunset bill during regular session (House Bill 1505 and Senate Bill 2402). As a result, the Texas Lottery Commission was abolished effective September 1, 2025. The Legislature transferred the State Lottery Program and the regulation of the charitable bingo program to the Texas Department of Licensing and Regulation through Senate Bill 3070, 89th Legislature, Regular Session. SB 3070 established an abolishment date of September 1, 2029, for the State Lottery Program and directed the Sunset Commission to conduct a limited-scope review of the State Lottery Program in the fiscal biennium ending August 31, 2029.

⁴ Senate Bill 3059, 89th Legislature, Regular Session, establishes the Alamo Commission as an entity administratively attached to the State Preservation Board and places the commission under Sunset review, but the act does not take effect until September 1, 2027. The date of the initial Sunset review of the Alamo Commission will be established by the Sunset bill for the State Preservation Board in the 91st Legislature. Per SB 3059, the Alamo Commission will undergo its first Sunset review alongside the State Preservation Board when the State Preservation Board undergoes its Sunset review subsequent to the board's review scheduled ahead of the 91st Legislature in 2029.

¹ Senate Bill 3059, 89th Legislature, Regular Session, establishes the Alamo Commission as an entity administratively attached to the State Preservation Board and places the commission under Sunset review, but the act does not take effect until September 1, 2027.

² The date of the initial Sunset review of the Alamo Commission will be established by the Sunset bill for the State Preservation Board in the 91st Legislature. Per Senate Bill 3059, 89th Legislature, Regular Session, the Alamo Commission will undergo its first Sunset review alongside the State Preservation Board when the State Preservation Board undergoes its Sunset review subsequent to the board's review scheduled ahead of the 91st Legislature in 2029.

³ House Bill 1501, 86th Legislature, Regular Session, consolidated the Texas Board of Examiners of Marriage and Family Therapists, Board of Examiners of Professional Counselors, Board of Social Worker Examiners, and Board of Examiners of Psychologists to create the Texas Behavioral Health Executive Council.

⁴ The Cancer Prevention and Research Institute of Texas went through Sunset review in 1999 as the Texas Cancer Council.

⁵ Senate Bill 5, 89th Legislature, Regular Session, establishes the Dementia Prevention and Research Institute of Texas with an effective date of December 1, 2025, and places the institute under Sunset review pending the passage of an associated constitutional amendment.

⁶ Statute requires the 2029 Sunset review of the Texas Education Agency to include a review of three regional education service centers that serve diverse geographic areas of the state and diverse population sizes and an evaluation of the agency's oversight of the centers. The most recent Sunset review of the agency in 2015 was limited to evaluating the appropriateness of the Sunset Commission's recommendations to the 83rd Legislature.

⁷ The Texas Board of Professional Land Surveying was abolished and its functions were combined with the Texas Board of Professional Engineers on September 1, 2019, creating the Texas Board of Professional Engineers and Land Surveyors. The Texas Board of Professional Engineers last went through Sunset review in 2013.

⁸ The most recent Sunset review of the Texas Facilities Commission in 2015 was limited to evaluating the appropriateness of Sunset Commission recommendations to the 83rd Legislature.

⁹ House Bill 1545, 89th Legislature, Regular Session, requires the Sunset Commission to conduct a limited-scope review of the Texas Funeral Service Commission (TFSC) for the 90th Legislature. The next full Sunset review of TFSC is scheduled for 2031.

¹⁰ The senate bill or house bill cited in the table placed the river authority under Sunset review and contains the statutory citation for the river authority's original enabling statute.

¹¹ Senate Bill 200, 84th Legislature, Regular Session, significantly reorganized the health and human services system and abolished and transferred the functions of the Department of Aging and Disability Services and the Department of Assistive and Rehabilitative Services to the Health and Human Services Commission in 2017. The Sunset Commission will evaluate these functions during the commission's 2027 review.

¹² House Bill 3257, 87th Legislature, Regular Session, repealed the enabling statute for the Texas Holocaust and Genocide Commission and created the Texas Holocaust, Genocide, and Antisemitism Advisory Commission as an advisory commission to the Texas Historical Commission.

¹³ House Bill 1545, 89th Legislature, Regular Session, requires the Sunset Commission to conduct a limited-scope review of the Texas Juvenile Justice Department (TJJJD) for the 90th Legislature. The next full Sunset review of TJJJD is scheduled for 2031.

¹⁴ The most recent Sunset review of the Texas Commission on Law Enforcement in 2023 was limited to evaluating the appropriateness of the Sunset Commission's recommendations for the agency made to the 87th Legislature.

¹⁵ Statute exempted programs transferred to the Texas Department of Licensing and Regulation on or after September 1, 2016, from the 2021 Sunset review. The Sunset Commission will evaluate these programs during the department's 2033 review.

¹⁶ The 89th Legislature declined to pass either introduced Sunset bill during regular session (House Bill 1505 and Senate Bill 2402). As a result, the Texas Lottery Commission was abolished effective September 1, 2025. The Legislature transferred the State Lottery Program and the regulation of the charitable bingo program to the Texas Department of Licensing and Regulation through Senate Bill 3070, 89th Legislature, Regular Session. SB 3070 established an abolishment date of September 1, 2029, for the State Lottery Program, and directed the Sunset Commission to conduct a limited-scope review of the State Lottery Program in the fiscal biennium ending August 31, 2029.

¹⁷ Statute exempts the Lower Colorado River Authority's management of the generation or transmission of electricity and its affiliated nonprofit corporations from Sunset review.

¹⁸ The most recent Sunset review of the Texas Real Estate Commission in 2025 was a special-purpose review limited to evaluating legally required seller disclosures and the corresponding forms the agency develops.

¹⁹ The most recent Sunset review of the State Board of Veterinary Medical Examiners in 2023 was limited to evaluating the board's database system and collection and use of data.

Section 325.001. Short Title

This chapter may be cited as the Texas Sunset Act.

Section 325.002. Definitions

In this chapter:

- (1) “State agency” means an entity expressly made subject to this chapter.
- (2) “Advisory committee” means a committee, council, commission, or other entity created under state law whose primary function is to advise a state agency.
- (3) “Commission” means the Sunset Advisory Commission.
- (4) “Regulatory agency” means a department, commission, board, or other agency that:
 - (A) is created by the constitution or by statute;
 - (B) is in the executive branch of state government;
 - (C) has statewide authority; and
 - (D) has authority to deny, grant, renew, revoke, or suspend a license, certification, or other authorization to engage in an activity.

Section 325.003. Sunset Advisory Commission

(a) The Sunset Advisory Commission is a legislative agency that consists of five members of the senate and one public member appointed by the lieutenant governor and five members of the house of representatives and one public member appointed by the speaker of the house. The lieutenant governor and the speaker of the house may serve as one of the legislative appointees.

(a-1) A public member acts on behalf of the legislature when participating on the commission in furtherance of the legislature’s duty to provide oversight of state agencies’ implementation of legislative priorities.

(b) An individual is not eligible for appointment as a public member if the individual or the individual’s spouse is:

- (1) regulated by a state agency that the commission will review during the term for which the individual would serve;
- (2) employed by, participates in the management of, or directly or indirectly has more than a 10 percent interest in a business entity or other organization regulated by a state agency the

commission will review during the term for which the individual would serve; or

(3) required to register as a lobbyist under Chapter 305 because of the person's activities for compensation on behalf of a profession or entity related to the operation of an agency under review.

(c) It is a ground for removal of a public member from the commission if the member does not have the qualifications required by Subsection (b) for appointment to the commission at the time of appointment or does not maintain the qualifications while serving on the commission. The validity of the commission's action is not affected by the fact that it was taken when a ground for removal of a public member from the commission existed.

(d) Legislative members serve four-year terms, with terms staggered so that the terms of as near to one-half of the legislative members appointed by the lieutenant governor as possible and the terms of as near to one-half of the legislative members appointed by the speaker as possible expire September 1 of each odd-numbered year. If the lieutenant governor or the speaker serves on the commission, service continues until resignation from the commission or until the individual ceases to hold the office. Public members serve two-year terms expiring September 1 of each odd-numbered year.

(e) Members other than the lieutenant governor and the speaker are subject to the following restrictions:

(1) after a legislative member serves two terms on the commission or a public member serves three terms on the commission, the individual is not eligible for appointment to another term or part of a term;

(2) a legislative member who serves a full term may not be appointed to an immediately succeeding term; and

(3) a public member may not serve more than two consecutive terms, and, for purposes of this prohibition, a member is considered to have served a term only if the member has served more than half of the term.

(e-1) If an individual serves for less than a full term, the term is not counted toward determining the individual's eligibility to serve on the commission under Subsection (e)(1) unless the individual was a member of the commission for each public hearing at which the state agencies being reviewed during the individual's term were discussed.

(f) The lieutenant governor and speaker shall make their appointments before September 1 of each odd-numbered year.

(g) If a legislative member ceases to be a member of the house from which he was appointed, the member vacates his membership on the commission.

(h) If a vacancy occurs, the appropriate appointing authority shall appoint a person to serve for the remainder of the unexpired term in the same manner as the original appointment.

(i) The commission shall have a chairman and vice-chairman as presiding officers. The chairmanship and vice-chairmanship must alternate every two years between the two membership groups appointed by the lieutenant governor and the speaker. The chairman and vice-chairman may not be from the same membership group. The lieutenant governor shall designate a presiding officer from his appointed

membership group and the speaker shall designate the other presiding officer from his appointed membership group.

(j) Seven members of the commission constitute a quorum. A final action or recommendation may not be made unless approved by a record vote of a majority of members appointed by the lieutenant governor and the speaker of the house. All other actions by the commission shall be decided by a majority of the members present and voting.

(k) Each member of the commission is entitled to reimbursement for actual and necessary expenses incurred in performing commission duties. Each legislative member is entitled to reimbursement from the appropriate fund of the member's respective house. Each public member is entitled to reimbursement from funds appropriated to the commission.

Section 325.004. Staff

(a) The commission shall employ an executive director to act as the executive head of the commission.

(b) The executive director shall employ persons necessary to carry out this chapter through funds made available by the legislature.

(c) The chairman and vice-chairman of the commission may each employ a staff to work for them on matters related to commission activities.

Section 325.005. Rules

The commission shall adopt rules necessary to carry out this chapter.

Section 325.007. Agency Report to Commission

(a) Before September 1 of the odd-numbered year before the year in which a state agency subject to this chapter is abolished or reviewed, the agency shall report to the commission:

- (1) information regarding the application to the agency of the criteria in Section 325.011; and
- (2) any other information that the agency considers appropriate or that is requested by the commission.

(b) The reports under Subsection (a) must be submitted in electronic format only. The commission shall prescribe the electronic format to be used.

Section 325.0075. Reporting Requirements of Agency Being Reviewed

Before September 1 of the odd-numbered year before the year in which a state agency subject to this chapter is abolished or reviewed, the agency shall submit to the commission, the governor, the lieutenant governor, and each member of the legislature a report that:

- (1) lists each report that the agency is required by a statute to prepare; and
- (2) evaluates the need for each report listed in Subdivision (1) based on whether factors or conditions have changed since the date the statutory requirement to prepare the report was enacted.

Section 325.008. Commission Duties

- (a) Before January 1 of the year in which a state agency subject to this chapter and its advisory committees are abolished or reviewed, the commission shall:
 - (1) review and take action necessary to verify the reports submitted by the agency under Section 325.007;
 - (2) consult the Legislative Budget Board, the Governor's Budget, Policy, and Planning Division, the State Auditor, and the comptroller of public accounts, or their successors, on the application to the agency of the criteria provided in Section 325.011;
 - (3) conduct a review of the agency based on the criteria provided in Section 325.011 and prepare a written report; and
 - (4) review the implementation of commission recommendations contained in the reports presented to the legislature during the preceding legislative session and the resulting legislation.
- (b) The written report prepared by the commission under Subsection (a)(3) is a public record.
- (c) Work performed under this section by the state auditor is subject to approval by the legislative audit committee for inclusion in the audit plan under Section 321.013(c).
- (d) The commission shall provide information on how the public may participate in the commission's review of a state agency and provide input on a state agency's performance. The commission shall, to the extent practicable, solicit input from parties interested in a state agency's operations.
- (e) Each state agency being reviewed by the commission under this chapter shall at the beginning of the review:
 - (1) post a notice on the state agency's Internet website informing the public:
 - (A) that the state agency is being reviewed by the commission; and
 - (B) how the public may participate in the commission's review of the state agency and provide input on the state agency's performance; and
 - (2) to the extent practicable, if the state agency being reviewed is a regulatory agency:
 - (A) notify each person licensed, certified, or otherwise authorized by the regulatory agency to engage in an activity regulated by the agency of a public hearing under Section 325.009 at which the agency will be reviewed; and
 - (B) solicit input from persons provided notice under Paragraph (A) regarding the regulatory agency's performance.
- (f) Subsection (e)(2) does not apply to a river authority subject to review under this chapter.

Section 325.009. Public Hearings

- (a) Before February 1 of the year a state agency subject to this chapter and its advisory committees are abolished or reviewed, the commission shall conduct public hearings concerning but not limited to the application to the agency of the criteria provided in Section 325.011.

(b) The commission may hold the public hearings after the review of the agency required by Section 325.008(a)(3) is complete and available to the public.

(c) Notwithstanding Subsection (a), the commission may not discuss in a public hearing the application to an agency of the criteria provided in Section 325.011(14). The commission staff shall notify the commission of any findings and recommendations regarding the criteria provided in Section 325.011(14).

Section 325.010. Commission Report

(a) At each regular legislative session, the commission shall present to the legislature and the governor a report on the agencies and advisory committees reviewed.

(b) In the report the commission shall include:

- (1) its findings regarding the criteria prescribed by Section 325.011, except Section 325.011(14);
- (2) its recommendations based on the matters prescribed by Section 325.012, except recommendations relating to criteria prescribed by Section 325.011(14);
- (3) if the agency being reviewed is a regulatory agency, an analysis of the regulatory agency's performance during the preceding 10 years or since the last review of the agency under this chapter, whichever is longer, based on the agency's performance measures and related targets, including those listed in the General Appropriations Act;
- (4) an evaluation of the agency's performance measures and related targets, including whether the targets are:
 - (A) aligned with the mission, goals, and objectives of the agency; and
 - (B) appropriate for assessing the agency's achievement of the goals listed; and
- (5) other information the commission considers necessary for a complete review of the agency.

Section 325.011. Criteria for Review

The commission and its staff shall consider the following criteria in determining whether a public need exists for the continuation of a state agency or its advisory committees or for the performance of the functions of the agency or its advisory committees:

- (1) the efficiency and effectiveness with which the agency or the advisory committee operates;
- (2)
 - (A) an identification of the mission, goals, and objectives intended for the agency or advisory committee and of the problem or need that the agency or advisory committee was intended to address; and
 - (B) the extent to which the mission, goals, and objectives have been achieved and the problem or need has been addressed;
- (3)
 - (A) an identification of any activities of the agency in addition to those granted by statute and of the authority for those activities; and
 - (B) the extent to which those activities are needed;

- (4) an assessment of authority of the agency relating to fees, inspections, enforcement, and penalties;
- (5) whether less restrictive or alternative methods of performing any function that the agency performs could adequately protect or provide service to the public;
- (6) the extent to which the jurisdiction of the agency and the programs administered by the agency overlap or duplicate those of other agencies, the extent to which the agency coordinates with those agencies, and the extent to which the programs administered by the agency can be consolidated with the programs of other state agencies;
- (7) the promptness and effectiveness with which the agency addresses complaints concerning entities or other persons affected by the agency, including an assessment of the agency's administrative hearings process;
- (8) an assessment of the agency's rulemaking process and the extent to which the agency has encouraged participation by the public in making its rules and decisions and the extent to which the public participation has resulted in rules that benefit the public;
- (9) the extent to which the agency has complied with:
 - (A) federal and state laws and applicable rules regarding equality of employment opportunity and the rights and privacy of individuals; and
 - (B) state law and applicable rules of any state agency regarding purchasing guidelines and programs for historically underutilized businesses;
- (10) the extent to which the agency issues and enforces rules relating to potential conflicts of interest of its employees;
- (11) the extent to which the agency complies with Chapters 551 and 552 and follows records management practices that enable the agency to respond efficiently to requests for public information;
- (12) the effect of federal intervention or loss of federal funds if the agency is abolished;
- (13) the extent to which the purpose and effectiveness of reporting requirements imposed on the agency justifies the continuation of the requirement;
- (14) an assessment of the agency's cybersecurity practices using confidential information available from the Department of Information Resources, the Texas Cyber Command, or any other appropriate state agency; and
- (15) an assessment of the agency's use of artificial intelligence systems, as that term is defined by Section 551.001, Business & Commerce Code, in its operations and its oversight of the use of artificial intelligence systems by persons under the agency's jurisdiction, and any related impact on the agency's ability to achieve its mission, goals, and objectives, made using information available from the Department of Information Resources, the attorney general, or any other appropriate state agency.

Section 325.0115. Criteria for Review of Certain Agencies

- (a) In this section:
 - (1) “License” means a license, certificate, registration, permit, or other form of authorization required by law or a state agency rule that must be obtained by an individual to engage in a particular occupation or profession.
 - (2) “Public interest” means protection from a present and recognizable harm to public health, safety, or welfare. The term does not include speculative threats, or other non-demonstrable menaces to public health, safety, or welfare. For the purposes of this subdivision, the term “welfare” includes the financial health of the public when the absence of governmental regulation unreasonably increases risk and liability to broad classes of consumers.
- (b) In an assessment of an agency that licenses an occupation or profession, the commission and its staff shall consider:
 - (1) whether the occupational licensing program:
 - (A) serves a meaningful, defined public interest; and
 - (B) provides the least restrictive form of regulation that will adequately protect the public interest;
 - (2) the extent to which the regulatory objective of the occupational licensing program may be achieved through market forces, private or industry certification and accreditation programs, or enforcement of other law;
 - (3) the extent to which licensing criteria, if applicable, ensure that applicants have occupational skill sets or competencies that correlate with a public interest and the impact that those criteria have on applicants, particularly those with moderate or low incomes, seeking to enter the occupation or profession; and
 - (4) the impact of the regulation, including the extent to which the program stimulates or restricts competition and affects consumer choice and the cost of services.
- (c) As part of the commission’s review of an agency that licenses an occupation or profession, the commission and its staff shall determine whether the governing body of the agency being reviewed has made an evaluation regarding the type of personal information of license holders that the agency should make available on the agency’s Internet website based on the following factors:
 - (1) the type of information the public needs to file a complaint with the agency;
 - (2) the type of information the public needs to locate an existing or potential service provider;
 - (3) the type of information the public needs to verify a license; and
 - (4) whether making the information available on the agency’s Internet website could subject a license holder to harassment, solicitation, or other nuisance.
- (d) If the commission determines that the governing body of an agency has not completed the evaluation described by Subsection (c), the commission shall make a recommendation that the governing body of the agency perform such an evaluation.

Section 325.012. Recommendations

- (a) In its report on a state agency, the commission shall:
 - (1) make recommendations on the abolition, continuation, or reorganization of each affected state agency and its advisory committees and on the need for the performance of the functions of the agency and its advisory committees;
 - (2) make recommendations on the consolidation, transfer, or reorganization of programs within state agencies not under review when the programs duplicate functions performed in agencies under review;
 - (3) make recommendations to improve the operations of the agency, its policy body, and its advisory committees, including management recommendations that do not require a change in the agency's enabling statute;
 - (4) make recommendations on the continuation or abolition of each reporting requirement imposed on the agency by law; and
 - (5) after consulting the Legislative Budget Board, make recommendations to improve the agency's key performance measures through the addition, amendment, or removal of the performance measures and related targets, including those listed in the General Appropriations Act.
- (b) The commission shall include the estimated fiscal impact of its recommendations and may recommend appropriation levels for certain programs to improve the operations of the state agency, to be forwarded to the Legislative Budget Board.
- (c) The commission shall have drafts of legislation prepared to carry out the commission's recommendations under this section.
- (d) After the legislature acts on the report under Section 325.010, the commission shall present to the state auditor the commission's recommendations that do not require a statutory change to be put into effect. Based on a risk assessment and subject to the legislative audit committee's approval of including the examination in the audit plan under Section 321.013, the state auditor may examine the recommendations and include as part of the next approved audit of the agency a report on whether the agency has implemented the recommendations and, if so, in what manner.

Section 325.0123. Review of Certain Agencies for Respectful Language

- (a) As a part of its review of a health and human services agency, the commission shall consider and make recommendations regarding the statutory revisions necessary to use the phrase "intellectual disability" instead of "mental retardation" and to use the phrase "person with intellectual disability" instead of "person with mental retardation."
- (b) As a part of its review of an agency, the commission shall consider and recommend, as appropriate, statutory revisions in accordance with the person first respectful language initiative under Chapter 392.

Section 325.0124. Review of Agency's Sale of Personal Data

(a) In this section, “personal data” means any information relating to an identified or identifiable individual that directly or indirectly identifies the individual by reference to:

- (1) an identifier for the individual, including a name, an identification number, location information, or an online identifier; or
- (2) one or more factors specific to the physical, psychological, genetic, mental, economic, cultural, or social identity of the individual.

(b) As part of its review of a state agency, the commission shall determine whether the state agency sells personal data the agency possesses. If the state agency sells personal data, the commission shall determine:

- (1) to whom the personal data is sold;
- (2) to the extent possible, the purpose for which the personal data is sold;
- (3) the amount the state agency receives for the sale of the personal data; and
- (4) the law that authorizes the state agency to sell the personal data.

(c) The commission shall recommend prohibiting the sale of the personal data by a state agency, unless the commission identifies a compelling state or public interest justifying the state agency's authority to sell the personal data. If the commission recommends continuing the state agency's authority to sell personal data, the commission shall make any recommendations it considers necessary to protect the personal data from improper use and dissemination.

Section 325.0125. Review of Certain Agencies

(a) In the two-year period preceding the date scheduled for the abolition or review of a state agency under this chapter, the commission may exempt certain agencies from the requirements of this chapter relating to staff reports, hearings, and reviews.

(b) The commission may only exempt agencies that have been inactive for a period of two years preceding the date the agency is scheduled for abolition or review, that have been rendered inactive by an action of the legislature, or that the commission determines are unable to participate in the review due to a declared disaster.

(c) The commission's action in exempting agencies under this section must be done by an affirmative record vote and must be decided by a majority of all members present and voting.

Section 325.0126. Monitoring of Recommendations

During each legislative session, the staff of the commission shall:

- (1) monitor legislation affecting agencies that have undergone sunset review immediately before the legislative session;
- (2) notify the members of the commission about any amendment to the legislation prepared under Section 325.012(c) that modifies the commission's recommendations for a state agency; and

- (3) provide legislative services to support the passage of the legislation prepared under Section 325.012(c).

Section 325.0127. Cost of Review

(a) In this section, “self-directed semi-independent agency” means a state agency that has status as a self-directed semi-independent agency under the Self-Directed Semi-Independent Agency Project Act (Article 8930, Revised Statutes), Chapter 16, Finance Code, Chapter 1105, Occupations Code, or any other law. The term does not include the Texas Department of Insurance’s actuarial division and financial examinations division as those terms are defined by Section 401.251, Insurance Code.

(b) A self-directed semi-independent agency shall pay the costs incurred by the commission in performing a review of the agency under this chapter. The commission shall determine the costs of the review, and the agency shall pay the amount of those costs promptly on receipt of a statement from the commission regarding those costs.

Section 325.013. Abolition of Advisory Committees

An advisory committee, the primary function of which is to advise a particular state agency, is abolished on the date set for abolition of the agency unless the advisory committee is expressly continued by law.

Section 325.015. Continuation by Law

(a) During the regular session immediately before the abolition of a state agency or an advisory committee that is subject to this chapter, the legislature by law may continue the agency or advisory committee for a period not to exceed 12 years.

(b) This chapter does not prohibit the legislature from:

- (1) terminating a state agency or advisory committee subject to this chapter at a date earlier than that provided in this chapter; or
- (2) considering any other legislation relative to a state agency or advisory committee subject to this chapter.

Section 325.016. Limited Review of Certain Regulatory Agencies

(a) In the commission’s recommendations to the legislature under Section 325.012, the commission may recommend that a limited review of a regulatory agency be conducted prior to the regulatory agency’s next sunset review.

(b) If the commission’s recommendations to the legislature under Section 325.012 include any identified deficiencies or recommendations for improvement in the regulatory agency’s rulemaking process, the commission shall recommend that a limited review of a regulatory agency be conducted prior to the next sunset review.

(c) For the commission’s recommendation for a limited review to take effect, the legislature must include the recommendation in its legislation for the regulatory agency under Section 325.012(c). Such review shall be limited to:

- (1) an assessment of the regulatory agency’s rulemaking process and the extent to which the regulatory agency has encouraged participation by the public in making its rules and decisions and the extent to which the public participation has resulted in rules that benefit the public;

- (2) the extent to which the regulatory agency adopts and enforces rules relating to potential conflicts of interest of its employees;
 - (3) an assessment of the regulatory agency's efforts to identify rules that are unnecessary, ineffective, or inefficient;
 - (4) any commission recommendations under Section 325.012(a)(3) that the legislature adopted in the legislation for the regulatory agency under Section 325.012(c); and
 - (5) any additional rulemaking-related recommendations adopted by the legislature and included in the legislation for the regulatory agency under Section 325.012(c).
- (d) The regulatory agency shall report to the commission its progress on addressing the items described in Subsection (c) not later than September 1 of the odd-numbered year specified by the legislature in its legislation for the regulatory agency under Section 325.012(c).
- (e) Not later than January 1 of the odd-numbered year after the date the regulatory agency report is due under Subsection (d), the commission shall prepare a written report on the commission's review under this section.
- (f) The report prepared by the commission under this section is a public record.

Section 325.017. Procedure After Termination

- (a) A state agency that is abolished in an odd-numbered year may continue in existence until September 1 of the following year to conclude its business. Unless the law provides otherwise, abolishment does not reduce or otherwise limit the powers and authority of the state agency during the concluding year. A state agency is terminated and shall cease all activities at the expiration of the one-year period. Unless the law provides otherwise, all rules that have been adopted by the state agency expire at the expiration of the one-year period.
- (b) Any unobligated and unexpended appropriations of an abolished agency or advisory committee lapse on September 1 of the even-numbered year after abolishment.
- (c) Except as provided by Subsection (f) or as otherwise provided by law, all money in a dedicated fund of an abolished state agency or advisory committee on September 1 of the even-numbered year after abolishment is transferred to the General Revenue Fund. The part of the law dedicating the money to a specific fund of an abolished agency becomes void on September 1 of the even-numbered year after abolishment.
- (d) Unless the law or a rider in the General Appropriations Act provides otherwise, an abolished state agency or advisory committee funded in the General Appropriations Act for both years of the biennium may not spend or obligate any of the money appropriated to it for the second year of the biennium.
- (e) Unless the governor designates an appropriate state agency as prescribed by Subsection (f), property and records in the custody of an abolished state agency or advisory committee on September 1 of the even-numbered year after abolishment shall be transferred to the comptroller. If the governor designates an appropriate state agency, the property and records shall be transferred to the designated state agency.

(f) The legislature recognizes the state's continuing obligation to pay bonded indebtedness and all other obligations, including lease, contract, and other written obligations, incurred by a state agency abolished under this chapter, and this chapter does not impair or impede the payment of bonded indebtedness and all other obligations, including lease, contract, and other written obligations, in accordance with their terms. If an abolished state agency has outstanding bonded indebtedness or other outstanding obligations, including lease, contract, and other written obligations, the bonds and all other obligations, including lease, contract, and other written obligations, remain valid and enforceable in accordance with their terms and subject to all applicable terms and conditions of the laws and proceedings authorizing the bonds and all other obligations, including lease, contract, and other written obligations. The governor shall designate an appropriate state agency that shall continue to carry out all covenants contained in the bonds and in all other obligations, including lease, contract, and other written obligations, and the proceedings authorizing them, including the issuance of bonds, and the performance of all other obligations, including lease, contract, and other written obligations, to complete the construction of projects or the performance of other obligations, including lease, contract, and other written obligations. The designated state agency shall provide payment from the sources of payment of the bonds in accordance with the terms of the bonds and shall provide payment from the sources of payment of all other obligations, including lease, contract, and other written obligations, in accordance with their terms, whether from taxes, revenues, or otherwise, until the bonds and interest on the bonds are paid in full and all other obligations, including lease, contract, and other written obligations, are performed and paid in full. If the proceedings so provide, all funds established by laws or proceedings authorizing the bonds or authorizing other obligations, including lease, contract, and other written obligations, shall remain with the comptroller or the previously designated trustees. If the proceedings do not provide that the funds remain with the comptroller or the previously designated trustees, the funds shall be transferred to the designated state agency.

(g) Except as provided by Subsections (a), (e), and (f), all legal interests of a state agency abolished in an odd-numbered year are transferred to the comptroller on the date the state agency is terminated under Subsection (a).

(h) On the date a state agency that is abolished in an odd-numbered year is terminated under Subsection (a), the governor may designate another state agency to administer any law previously administered by the abolished state agency that remains in effect and a reference in any law to the abolished state agency means the designated state agency. The governor is not required to designate the same state agency under this subsection that is designated under Subsection (f).

Section 325.018. Subpoena Power

(a) The commission may issue process to compel the attendance of witnesses and the production of books, records, papers, and other objects necessary or proper for the purposes of the commission proceedings. The process may be served on a witness at any place in this state.

(b) If a majority of the commission directs the issuance of a subpoena, the chairman shall issue the subpoena in the name of the commission.

(c) If the chairman is absent, the chairman's designee may issue a subpoena or other process in the same manner as the chairman.

(d) If necessary to obtain compliance with a subpoena or other process, the commission may issue attachments. The attachments may be addressed to and served by any peace officer in this state.

(e) Testimony taken under subpoena must be reduced to writing and given under oath subject to the penalties of perjury.

(f) A witness who attends a commission proceeding under process is entitled to the same mileage and per diem as a witness who appears before a grand jury in this state.

Section 325.019. Assistance of and Access to State Agencies

(a) The commission may request the assistance of state agencies and officers. When assistance is requested, a state agency or officer shall assist the commission.

(b) In carrying out its functions under this chapter, the commission or its designated staff member may attend any meetings and proceedings of any state agency, including any meeting or proceeding of the governing body of the agency that is closed to the public, and may inspect the records, documents, and files of any state agency, including any record, document, or file that is:

- (1) attorney work product;
- (2) an attorney-client communication; or
- (3) made privileged or confidential by law.

(c) It is the intent of the legislature to allow the commission and its designated staff members to have access to all meetings or proceedings of a state agency being reviewed by the commission under this chapter and to all records, documents, and files of that agency. To the extent that this section conflicts with other law that purports to limit the commission's access to meetings or proceedings or to records, documents, and files, this section controls. If federal law prohibits a state agency from disclosing information in a record, document, or file to the commission, including information in a record, document, or file created as a result of or considered during a meeting or proceeding, the state agency may redact the protected information from the record, document, or file.

(d) Communications, including conversations, correspondence, and electronic communications, between the commission or its staff and a state agency that relate to a request by the commission for assistance in conducting a review under this chapter are confidential. A state agency's internal communications related to a request for assistance by the commission are confidential, including any information prepared or maintained by the state agency at the request of the commission or its staff. With respect to a document, file, or other record prepared or maintained by the state agency that was created in the normal course of the agency's business and not at the request of the commission, the confidentiality created by this subsection applies only to information in the possession of the commission.

Section 325.0195. Records Protected From Disclosure

(a) A working paper, including all documentary or other information, prepared or maintained by the commission staff in performing its duties under this chapter or other law to conduct an evaluation and prepare a report is excepted from the public disclosure requirements of Section 552.021.

(b) A record held by another entity that is considered to be confidential by law and that the commission receives in connection with the performance of the commission's functions under this chapter or another law remains confidential and is excepted from the public disclosure requirements of Section 552.021.

(c) A state agency that provides the commission with access to a privileged or confidential communication, record, document, or file under Section 325.019 for purposes of a review under this

chapter does not waive the attorney-client privilege, or any other privilege or confidentiality requirement protected or required by the Texas Constitution, common law, statutory law, or rules of evidence, procedure, or professional conduct, with respect to the communication, record, document, or file provided to the commission. For purposes of this subsection, a communication includes a discussion that occurs at a meeting or proceeding of the state agency that is closed to the public.

(d) The state agency may require the commission or the members of the commission's staff who view, handle, or are privy to information, or who attend a meeting that is not accessible to the public, to sign a confidentiality agreement that covers the information and requires that:

- (1) the information not be disclosed outside the commission for purposes other than the purpose for which it was received;
- (2) the information be labeled as confidential;
- (3) the information be kept securely; and
- (4) the number of copies made of the information or the notes taken from the information that implicate the confidential nature of the information be controlled, with all copies or notes that are not destroyed or returned to the governmental body remaining confidential and subject to the confidentiality agreement.

(e) A person who obtains access to confidential information in connection with the performance of the commission's duties under this chapter or another law commits an offense if the person knowingly:

- (1) uses the confidential information for a purpose other than the purpose for which the information was received or for a purpose unrelated to the law that permitted the person to obtain access to the information, including solicitation of political contributions or solicitation of clients;
- (2) permits inspection of the confidential information by a person who is not authorized to inspect the information; or
- (3) discloses the confidential information to a person who is not authorized to receive the information.

Section 325.020. Relocation of Employees

If an employee is displaced because a state agency or its advisory committee is abolished, reorganized or continued, the state agency and the Texas Workforce Commission shall make a reasonable effort to relocate the displaced employee.

Section 325.021. Saving Provision

Except as otherwise expressly provided, abolition of a state agency does not affect rights and duties that matured, penalties that were incurred, civil or criminal liabilities that arose, or proceedings that were begun before the effective date of the abolition.

Section 325.022. Review of Proposed Legislation Creating an Agency

(a) Each bill filed in a house of the legislature that would create a new state agency or a new advisory committee to a state agency shall be reviewed by the commission.

- (b) The commission shall review the bill to determine if:
 - (1) the proposed functions of the agency or committee could be administered by one or more existing state agencies or advisory committees;
 - (2) the form of regulation, if any, proposed by the bill is the least restrictive form of regulation that will adequately protect the public;
 - (3) the bill provides for adequate public input regarding any regulatory function proposed by the bill; and
 - (4) the bill provides for adequate protection against conflicts of interest within the agency or committee.
- (c) On request, the commission shall forward a written comment on the legislation to the author of the bill and to the presiding officer of the committee to which the bill is referred.

Section 325.023. Review of Proposed Legislation Regulating an Occupation

- (a) Not later than December 31 of an odd-numbered year, a member of the legislature may submit proposed legislation that would create an occupational licensing program or significantly affect an existing occupational licensing program to the commission for review and analysis. A request under this section may be submitted after December 31 of an odd-numbered year on the approval of the commission's chair based on the recommendation of the executive director. The commission's chair may, on the recommendation of the executive director, deny a request for review under this section.
- (b) If the commission reviews and analyzes legislation proposing the regulation of an occupation, the commission shall submit a report to the legislature before the start of the next legislative session regarding the commission's findings on the need for regulating the occupation and the type of regulation recommended, if any.
- (c) In analyzing legislation proposing the creation of an occupational licensing program, the commission shall determine whether:
 - (1) the unregulated practice of the occupation would be inconsistent with the public interest as defined by Section 325.0115;
 - (2) the public can reasonably be expected to benefit from an assurance of initial and continuing professional skill sets or competencies; and
 - (3) the public can be more effectively protected by means other than state regulation.
- (d) If the commission reviews and analyzes proposed legislation amending an existing occupational licensing program, the commission shall submit a report to the legislature before the start of the next legislative session regarding the commission's findings on the need for the proposed legislation.

Section 325.024. Gifts and Grants

- (a) The commission may accept gifts, grants, and donations from any organization described in Section 501(c)(3) of the Internal Revenue Code for the purpose of funding any activity under this chapter.

(b) All gifts, grants, and donations must be accepted in an open meeting by a majority of the voting members of the commission and reported in the public record of the commission with the name of the donor and purpose of the gift, grant, or donation.

Sec. 325.025. River Authorities Subject to Review

(a) A river authority listed in Subsection (b) is subject to a limited review under this chapter as if it were a state agency but may not be abolished.

(b) This section applies to the:

- (1) Angelina and Neches River Authority;
- (2) Bandera County River Authority and Groundwater District;
- (3) Brazos River Authority;
- (4) Guadalupe-Blanco River Authority;
- (5) Lavaca-Navidad River Authority;
- (6) Lower Colorado River Authority;
- (7) Lower Neches Valley Authority;
- (8) Nueces River Authority;
- (9) Red River Authority of Texas;
- (10) Sabine River Authority of Texas;
- (11) San Antonio River Authority;
- (12) San Jacinto River Authority;
- (13) Sulphur River Basin Authority;
- (14) Trinity River Authority of Texas;
- (15) Upper Colorado River Authority; and
- (16) Upper Guadalupe River Authority.

(c) The limited review under this chapter must assess each river authority's:

- (1) governance;
- (2) management;
- (3) operating structure; and
- (4) compliance with legislative requirements.

(d) A river authority shall pay the cost incurred by the commission in performing a review of the authority under this section. The commission shall determine the cost, and the authority shall pay the amount promptly on receipt of a statement from the commission detailing the cost.

(e) A river authority reviewed by the commission under this section may not be required to conduct a management audit under Chapter 292, Title 30, Texas Administrative Code.

RELATED STATUTORY PROVISIONS

Several state statutes have provisions relating to the Texas Sunset Act or the Sunset Commission. These provisions are briefly described below.

Government Code

Section 321.013 — Requires the state auditor to recommend to the Legislative Audit Committee an annual audit plan, taking into consideration any recommendations made jointly by representatives of the Sunset Commission, the Legislative Budget Board, and the State Auditor's Office.

Section 321.0134 — Prohibits the state auditor from scheduling an effectiveness audit of an agency that is undergoing Sunset review.

Section 322.0175 — Requires the Legislative Budget Board to conduct a strategic fiscal review of most agencies when they are under Sunset review. River authorities and agencies that do not receive legislative appropriations are exempt.

Section 326.003 — Requires the Sunset Commission, the Legislative Budget Board, and the State Auditor's Office to form a committee that makes recommendations for coordinating the agencies' oversight functions.

Section 327.005 — Requires the State Auditor's Office to submit efficiency audit reports with recommendations to the Sunset Commission, the governor, the lieutenant governor, the speaker of the house of representatives, the legislative audit committee, the chairs of the standing committees with primary jurisdiction over the audited state agency, and the audited state agency.

Section 327.006 — Requires the administrative head of the audited agency, after receiving the complete efficiency audit from the State Auditor's Office, to deliver a recommendation implementation plan to the Sunset Commission, the governor, the lieutenant governor, the speaker of the House of Representatives, the legislative audit committee, and the chairs of the standing committees with primary jurisdiction over the audited state agency.

Section 2056.010 — Requires the Sunset Commission, the state auditor, the Legislative Budget Board, and other agencies that conduct performance audits to consider the degree to which an agency under review conforms to its strategic plan.

Natural Resources Code

Section 31.156 — Requires the General Land Office to review an agency's real property inventory during the calendar year before the agency is scheduled for abolition under the Texas Sunset Act.
