Your Comments or Concerns

We have tried for years to connect with the local school districts and partner with them for Pre-K partnerships. They do not want to form partnerships with us at all, and they have not reached back out to us to form the partnerships.

Your Proposed Solution

The proposed solution is to allocate the funding for Pre-K partnerships to TWC's NCI program to get families and students off of the waiting list. This will allow them to get access to high-quality learning environments and prepare them for school success.
