This profession requires a high I believe that removing the Cosmetology and Barbering Instructor licenses would be very detrimental to the quality of teaching. The purpose of a Instructor is to educate, create good habits, spread knowledge, reinforce health and safety procedures. Instructors support and encourage students to take on any challenge confidently. As director of HTS and with students from more than 45 countries, I see the need to teach our students in a way they truly can succeed with a short term career and live the American dream. It is our responsibility to give students the tools to make our industry the number 1 workforce in the country.
