Your Comments About the Staff Report, Including Recommendations Supported or Opposed: Citizen should not be taxed on a blue book value of a used vehicle but rather the amount paid for the car vehicle. The vehicle has already been taxed, when it was purchased as a new and should not be over taxed when purchased as used.

Any Alternative or New Recommendations on This Agency: A vehicle should be taxed on a purchase price or bill of sale signed off by both parties, the seller and the buyer.
