Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I recommend the structure of BHEC as proposed during the last Sunset Review to include one professional and one public member appointed by each board, with the presiding officer appointed by the Governor. None of the boards that regulate health professionals is composed exclusively of public members. In fact, the Sunset Commission staff recommendations for the Board of Medical Examiners does not propose to restructure that Board to create an all or majority public member structure. Including professional members on BHEC is much more likely to enhance consistency in standards than interference on standards of practice, licensing and enforcement decisions since no profession would hold a majority on BHEC.

Any Alternative or New Recommendations on This Agency: n/a
