Subject: Re: DPS

Forgive me but I do have information to add. I agree with the sunset commission's decision to put the motorcycle endorsement, which is a licensing issue, under TDLR along with Driver Education. I also agree with virtually all of your findings and thank you profoundly for taking steps to remedy the problems that exist at the state level.

To add a little information regarding DPS there is also the issue of DPS using state dollars to purchase motorcycles for private companies.

Apologies that I cannot say more.

Thank you again!

Hello,

I am aware you are meeting tomorrow to discuss DPS practices. I need to remain anonymous but I know that there are issues that have been detrimental to DPS. They were warned about unethical and illegal practices including conflict of interest (financial), dual businesses that are against policy, and conspiring to sabotage employees and intimidate employees who tried to bring this to anyone's attention.

Sadly, I cannot offer more information and I must offer this anonymously. I hope you will consider looking into this in any way you can.

Thank you!
