Subject: Public Input Form for Agencies Under Review (Public/After Publication)

Agency: TEXAS STATE BOARD PLUMBING EXAMINERS

First Name: Troy

Last Name: Baird

Title:

Organization you are affiliated with:

Email:

City: San Antonio

State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed: Plumbing is a Health and Safety field directly related to preventing sickness, disease and worse. The broadness and importance of this industry is different from others such as the air conditioning and electrical fields. Having earned various licenses along with university degrees over the years and having dealt with all vocational type personnel through industry training I do for a living, I can say a licensed plumber is one of the most professional individuals you will ever meet. This in my opinion is to the credit of the Texas State Board of Plumbing Examiners. Moving a license with this importance under any other agency would be a Huge Mistake!

Any Alternative or New Recommendations on This Agency: Regulation of licensed plumbers in Texas Must stay under the professional leadership of the Texas State Board of Plumbing Examiners.

My Comment Will Be Made Public: I agree
