Your Comments About the Staff Report, Including Recommendations Supported or Opposed: As an LSSP employed within a Texas public school setting for 17 years, I believe I play a critical and unique role in providing psychological services to our children. I strongly concur with the seven initiatives proposed by TASP, in particular, one allowing LSSP's to provide services in a private school setting. Our expertise should be accessible to all Texas children to support and enhance their educational, emotional, and psychological needs. Please consider all initiatives.

Any Alternative or New Recommendations on This Agency: None at this time
