Your Comments About the Staff Report, Including Recommendations Supported or Opposed: ECGs should be required for kids playing school athletics. It can be done inexpensively. The number of kids with heart issues identified should have no bearing on this issue. It should be rejoiced that the issue is caught so surgery could be performed. Human lives are more important than money. Require physicals to include ECGs. It could be your child. It happens to real families.

Any Alternative or New Recommendations on This Agency: Require ECGs for school physicals.

My Comment Will Be Made Public: I agree
