Your Comments About the Staff Report, Including Recommendations Supported or Opposed: Come on Texas - let's see you go big for the huge overpopulation problem you have in your state and support kindness to animals (dogs and cats) and more solutions to the problems like investing in spay/neuter and not supporting cruel puppy mills & finding homes for the thousands of dogs and cats entering your shelter each year. There are great dogs and cats needing homes now and they do not need to be bred at "manufacturing-like" facilities - please don't support this mostly cruel means of breeding.

Any Alternative or New Recommendations on This Agency: Invest in spay/neuter and get the animals that need homes in shelters adopted to homes - and provide training and support to keep them there.
