Subject: Sunset Review

Hello,

My name is Dr. Justin Bickford PT, DPT, CSCS, COMT and I have been a practicing orthopedic manual physical therapist in Livingston, TX for the past 3 years. I am e-mailing you today to encourage you to oppose the consolidation of the TBPTE into the TDLR. As a medical professional, I feel that it is only fitting that the dynamics of my profession be overseen by a qualified healthcare provider. Ultimately my goal as a physical therapist is to ensure the quality of care for my patients and provide them with the best possible care. I feel as though I can achieve my goal, while assisting patients in achieving their goals if my governing body includes other healthcare providers. Thank you for your time, Justin
