Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

I oppose the recommendation to relegate the Texas State Board of Examiners of Professional Counselors and the other mental health professional licensing boards to advisory status under the over-extended Texas Department of Licensing and Regulation (TDLR).

Oversight of mental health professionals is beyond the scope of TDLR. None of the occupations regulated by TDLR work with fragile individuals struggling to overcome devastating psycho, social, emotional and physical challenges. A move to TDLR will not resolve access to care or regulatory challenges.

Please allocate licensing fee revenue (even if the fees have to increase) to directly support the regulatory functions of the Texas State Board of Examiners of Professional Counselors. Issues #2 and #3 would be moot had the Texas Department of State Health Services allocated funds generated by licensing fees to support the regulatory functions of the Texas State Board of Examiners of Professional Counselors as well as the boards that regulate Licensed Marriage and Family Therapists and Social Workers.

I believe TDLR is not equipped to regulate mental and behavioral health professionals. Expanding the scope of TDLR beyond its mission is likely to adversely impact consumer protection across all the industries it regulates and risk its efficiency.

Please retain the structure and autonomy of the Texas State Board of Examiners of Professional Counselors as well as the TSBEMFT and the TSBESW. Setting and enforcing clear, ethical training and practice standards for mental health professionals can only be accomplished by professionally specialized and independent licensing boards. Best practice to protect consumers is to have Independent, professionally specialized boards with public members that regulate mental health care.
