Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

The TBCE needs to continue to serve the Chiropractic Profession as a separate entity. Only Chiropractors understand the unique qualities & Principles of the Profession.

The Chiropractic Society of Texas has always supported the Practice of Chiropractic in its purest sense. It does not condone scope expansion, nor infringement upon other areas of licensure. For this reason alone, TBCE needs to be kept as the uniform body of regulation of the Chiropractic in Texas.

Any Alternative or New Recommendations on This Agency: None. Inclusion under the Texas medical Board or any other Board does not support the Chiropractic Profession.
