Your Comments About the Staff Report, Including Recommendations Supported or Opposed: Defensive safety classes are a very important element to the low-income residents in my neighborhood who depend on a location nearby. Eliminating such a program will only severely affect such demands but also a local important business revenue to my business. I am kindly asking you to consider keeping the program the way it is since customers are not complaining about the present fees.

Any Alternative or New Recommendations on This Agency: I strongly believe that by keeping this training program a state of Texas program only will continue to be an asset to local schools in Texas and the benefits of Texas. Saturating the program with a national program and lower fees will only push Texas schools out of business which will not have any economical benefit to Texas.

My Comment Will Be Made Public: I agree
