Your Comments About the Staff Report, Including Recommendations Supported or
Opposed:
I am opposed to following staff recommendations
4.12 Eliminate costly course approval fees and streamline TDLR's process for approving driver training curricula. -
Ruin the creditable with our course. It is very important that course is very well handle and managed. The fee has
already been lowered by demand. Direct TDLR to list on its website only licensed instructors and providers, not the
specific courses they offer.
- This is ridiculous due to the fact that you don't know where this is location. This list needs to be left as is, so the
consumer can make a decision based on the name of the school not the name of the instructor.

Any Alternative or New Recommendations on This Agency: This agency already an advisory board for this
industries, and they should consult them before any changes.
