Your Comments About the Staff Report, Including Recommendations Supported or Opposed: The TBCE like other health care licensing boards is a complex entity and thereby needs to be self governed and self regulated. The TBCE is much too complex to be put the same rules as TDLR as they have with other professions such as cosmetology, electricians and where such can be governed by consolidations.

Any Alternative or New Recommendations on This Agency: Physician level health care entities can probably be grouped together since they share the same level of complexity. Otherwise the TBCE should be its own stand alone board.

My Comment Will Be Made Public: I agree
