Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

I writing to the SAC to oppose abolishing this committee for reasons that it does not deal directly with public health and safety. I work with numerous colleges at my university that directly impact the safety of Texan's i.e. earthquake monitoring in and around DFW, and subsidence of land impacting West Texas. We have had numerous peer-reviewed studies put forward on these issue's over the last few years and are still just touching the surface as to how this all impacts us, and you.

Please kindly re-evaluate the bill to remove this agency
