Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I support the changes being presented.

Any Alternative or New Recommendations on This Agency: My concern is the fair treatment of all students whether they be public school charter school or private school. At this point there are unfair eligibility rules imposed on charter school students vs public school students. It is automatically assumed that the charters are doing something illegal or it appears that way when looking at the amount of time the students must sit before becoming eligible when changing schools.

My Comment Will Be Made Public: I agree
