Your Comments About the Staff Report, Including Recommendations Supported or Opposed: Texas Land Surveying Board should be combined with the Engineering Board. Texas is the only state in the country that has a separate board.

All other States have Land Surveying combined with the Engineering Board.

Yearly fees would drop from \$179 to \$40 a year and complaints would be handled more efficiently.

Any Alternative or New Recommendations on This Agency: Texas Land Surveying Board should be combined with the Engineering Board.
