Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I completely support the staff recommendations to merge the LPC, LMFT, Social Work and Psychologist boards into the newly proposed "Behavioral Health Executive Council". I believe that this proposed structure will facilitate a more efficient and effective management of all mental health licensure boards. It is my understanding that the staff report recommends only public members being appointed to the executive council. I do not support the inclusion of only public members on the executive council.

Any Alternative or New Recommendations on This Agency: I support including professional members (i.e., licensees from each board) on the executive council. I also support public members being part of the council if professional members are included.

My Comment Will Be Made Public: I agree
