Your Comments About the Staff Report, Including Recommendations Supported or
Opposed: TDLR needs to be more respective of the business owners they license, WE ARE NOT CHILDREN, be responsive to questions about their regulations by responding to emails in a timely manner at least by letting the person know they received it. The penalties don't match the crime, if you over charge make em give the money back, fining $10,000 TO $15,000 SHOWS tdlr IS ONLY TRYING TO MAKE MONEY FOR THE STATE. GOVERNOR ABBOTT HAS SAID MANY TIMES "LESS REGULATIONS". Telling VSF'S that we have to release vehicles without having a current registration or Insurance on the vehicle when it is required by State Law!

Any Alternative or New Recommendations on This Agency:
Respect the Advisory Boards recommendations as that is why they are there to give professional info to the Commission who knows nothing about the businesses TDLR licensed. Follow State Laws that the legislature passes, we had one that passed 15 years ago and TDLR would never implement it and this passed session we had to give it up to get a sixty-four cent raise in storage, we lost thousands of dollars for that law not being implemented not counting the fluid clean-up we had to do.Don't give other businesses the right to steal vehicles from a VSF when they cannot do anything to them for doing it through the VSF 11 Form.
The Director Brian Francis needs to be made to respond when he says he is when ask a question!
