Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I agree that they are doing the best they can, however the issues haven't improved. the fact that MFT, LPC and SW are still not being processed in a timely manner and are putting at risk the licensee livelihood and the public at risk. Also the executive staff needs to be staffed by a professional member and it is good to have a public member as well. I submitted my application in July of 2017, 3 months later I received a letter of deficiency asking for more information. I have sent in some of the required information and have called numerous times as well as sent emails and faxes to no avail. I have specified my question but have not received an answer. This is prolonging my wait as I have lost good opportunities due to the lack of response from the the licensing board, so that I can move forward.

Any Alternative or New Recommendations on This Agency: Increasing staffing in order to expedite the response time.
