Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

Prior to a recommendation to issue driver licenses like other states, wouldn't it be prudent to review the ways that Texas DPS may be using the driver license info in law enforcement and how it is different from those states?

There may well be reasons why Texas does things this way. DPS is not only the state law enforcement agency, it is a major law enforcement presence world wide.

Any Alternative or New Recommendations on This Agency: I agree with the assessment to bring more presence to data review.
