Your Comments About the Staff Report, Including Recommendations Supported or Opposed: Instructor are greatly needed in the state of Texas, too much is being taken from the beauty industry already. You all have already deregulated braiding, so we are lots of clients with alopecia because of hair lost, due to lack of training. Not only that but thousand for people will lose their jobs. Because the industry will suffer, for the independent school or private school owners.

Any Alternative or New Recommendations on This Agency: If anything needs to be changed hair braiding needs to become regulated again to safe clients hair, and keep jobs for instructors as well as keeping private school open.
