Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I believe that the Texas state board of Plumbing should maintain all authority over Plumbing in the state of Texas as we watch ourselves and govern ourselves and police ourselves to make sure that we're giving the customer the best product possible while maintaining the safety and quality of the plumbing industry these things should be taken into extreme consideration for the health and safety of the public.

Any Alternative or New Recommendations on This Agency: The only recommendation I can give for the plumbing board is to maintain governance over the plumbing industry in the state of Texas while maintaining quality and control over our industry.

My Comment Will Be Made Public: I agree
