First Name: Luiz

Last Name: Cordolino

Title: GEOPHYSICIST

Organization you are affiliated with: SEG and TBPG

Email:

City: Houston

State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

I have been a licensed Geophysicist for about 15 years. I work as an independent consultant, for at least 25 years, and been licensed by TBPG is the most positive way for my clients to feel confident that it is hiring a professional with verified technical skills and with high professional ethical behavior. A resume only talks about the professional experience, the license covers much more.

I am very glad to be a licensed member of TBPG. Without this license, I wouldn't have got many sensitive geophysical projects with many different National Agency of Petroleum in many countries including; Pakistan, Libya, Brazil, Mexico, Venezuela. Oman, Australia, China, etc.

I hope this commission let the TBPG continue their diligent work in providing to the international geophysical community such relevant professionals to the oil and gas industry.

Any Alternative or New Recommendations on This Agency: To keep TBPG

My Comment Will Be Made Public: I agree
