How this plays out will affect my life and this life of my family.

I believe the T.S.B.P.E needs to be kept separate

Please take the time to review my recommendations and considerations before you make your decision

I think that the Texas State Board of Plumbing Examiners should be kept espy from the Texas Department of
Licensing and Regulation. Us plumbers should be led by a Licensed plumber that that know the code and has had
the experience that we are going to be going thru. As far as the issues that you found here are my opinion
