Your Comments About the Staff Report, Including Recommendations Supported or

Opposed: I have been a continuing education reviewer for past several years .. I strongly feel that it is very useful and necessary function to maintain our PT professional up-to-date on research and new practice model initiatives to reduce health care cost , at the same time improve quality of health care and patient's safety . I have been working for a prominent academic center in Dallas and we treat medically complex patients and it is important that PT's maintain competencies to practice safely and effectively . I oppose discontinuing CCAP program as proposed in sunset review .

Any Alternative or New Recommendations on This Agency: none
