Your Comments or Concerns:

Dear Sunset Board Members: We all know the State of Texas hates to pay for public education. At least the Regressive members of the House and Senate. Enlightened members know that for every \$1 of public support you get \$10 ROI in taxes. It's 3rd grade math people, so even you folk can understand it.

Before the Regressives closed the REAL Texas Tomorrow Fund, I managed to snag three for my kids. They are all now UT or AM grads making TONS of \$\$\$ and paying TONS of tax\$. So why did you idiots close it? Well, fix it.

Your Proposed Solution: Bring back the Texas Tomorrow Prepaid Fund and then start clamping down on building programs at UT and AM cause that's where all the money is being wasted. Well Football too.

My Comments Will Not Be Made Public: I agree
