Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I have worked at Baylor Inpatient Rehabilitation in downtown Dallas for about a year now as a Physical Therapist after moving from New York. The following comments are my own as a professional and are not representative of any institution. I fully support the Sunset Commission's recommendation that the Texas Board of Physical Therapy Examiners join the National Licensure Compact. This would help many PTs like myself to be able to move from state to state without the barriers that provide such difficulties with specific licensing requirements at a state by state basis. I oppose the recommendation to strip the CCAP from the TBPTE and also oppose removing the law that would prohibit the TBPTE from participating in any future arrangements like this. This provides public protection for our governing body and we must protect it.

Any Alternative or New Recommendations on This Agency: N/A
