Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

I am Manuel A. Domenech and have been practicing in the state for a accumulation of 23 years (12 of those years as an active duty officer at several military installations). I am representing only myself as a Physical Therapy professional.

In support:

The Texas Board of PT Examiners should join the national Licensure Compact.

The compact will allow individuals to practice in neighboring states without needing to obtain or maintain multiple licenses. Maintaining multiple licenses can be very expensive. We live in a transient/mobile society where possibly living in multiple states at various times in the year in subsequent years may occur. Let's not allow the present day licensure procedure be a hindrance or barrier to practicing in these various states, especially when the stay may be limited.

In opposition:

I am oppose to removing the administration or oversight of the present CCAP program from TBPTE and TPTA.

I've been a part of the program as a reviewer for the past decade and can contest to its objective approval process and meeting its objective to provide quality professional programing which indirectly adds to the protection of the public.

Any Alternative or New Recommendations on This Agency: No
