Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

I am opposed to consolidating the TBCE with any other organizations.

Since its inception, the chiropractic profession has been the target of efforts by medical groups such as the AMA to "contain and eliminate" it.

Because the public has the right to make healthcare decisions for themselves, these groups have cynically tried to push their agenda through the political process by controlling access to patients.

Given this history I am profoundly distrustful of ANY agency that professes to objectively and fairly police the chiropractic profession unless that agency is largely drawn from the chiropractic profession.

Please forgive my skepticism, but I am not convinced that the AMA and the TMA have not given up on their agenda, the stakes are too high, and I DO NOT trust any consolidation process to be incorruptible.

Any Alternative or New Recommendations on This Agency: Leave the TBCE as is.
