Your Comments About the Staff Report, Including Recommendations Supported or Opposed: The Brazos River Authority has been extremely helpful and invaluable to Waller County over the past 4 years with the Brazos River flood studies that they have overseen and the impacts of the same on Waller County. I have attended some of their meetings and I have always found the BRA to be responsive and dedicated to the counties that border the Brazos River. I strongly urge the Sunset Advisory Commission to keep the BRA in place. They are an extremely useful state agency and they do their job well.

Any Alternative or New Recommendations on This Agency: None.
