Your Comments About the Staff Report, Including Recommendations Supported or  
Opposed: Do not consolidate Chiropractic into a general licensing board.

This would never happen to the medical board regulating MDs and DOs because of proper oversight and profession-specific understanding for disciplinary action. Chiropractic has a licensing board currently that has been serving the needs of the Chiropractic profession and safeguarding Texans in an appropriate way that would not continue under consolidation.

Any Alternative or New Recommendations on This Agency: Keep Chiropractic separate and distinct for the ongoing safeguard of the people and doctors of Texas
