Hello my name is Florence Russell and I have a comment that I believe would be an asset to the agency.

Providing company vehicles for caseworkers and company gas cards. This would help out a lot and beneficial. This would lift employee moral. This would take the stress off workers, especially during those times when our money is low. We don't have to wait for our expense to come in to pay for gas. Every caseworker is responsible for the maintenance and/or up keep of the vehicle that will be paid for by the state.

Again, this is something that is achievable and can be done. Do a test with a certain region and see how it goes.
