Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I am totally opposed to large scale breeding of puppies. However, if they are going to stay around, they should be inspected on a regular basis without warning.

Any Alternative or New Recommendations on This Agency: Ask for all documentation on health care. If they say they give their own vaccines, ask to see paper work and recites from where they were purchased. Ask what Vet they use and contact them. Do they use heart worm prevention, flea control?

My Comment Will Be Made Public: I agree
