Your Comments About the Staff Report, Including Recommendations Supported or Opposed: My son has a heart condition that was detected by an EKG. So did my brother. His was detected by an EKG as well. Both athletes. Both treatable conditions. Unfortunately many students do not receive this test and of those a few will have conditions that are fatal without it. If every student in Texas received an EKG lives could be saved. Lives are surely worth this low cost test

Any Alternative or New Recommendations on This Agency: Mandated EKG for all students in Texas. Or at least all student athletes

My Comment Will Be Made Public: I agree
