Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I Supported however that Cosmetology educational requirements of a high school diploma or GED and 17 years of age be kept. Students having a high school diploma or GED bring authenticity to our profession and helps keep students in school to complete a education. It also encourage them to father their education and expand their training to other avenues of the beauty industry. I OPPOSED Eliminate all Instructors License! Advanced training is the foundation to the beauty industry. There are pivotal factors that go into learning the skill of training other. If a students do not understand the steps and sequencing to be apply and understand theory about the course can harm someone. Not having a Licensed instructor will bring collapse to the beauty industry. Students have to know the fundamentals of the Cosmetology skills and theory. Ex Sanitation and disinfection , chemicals and continuing education

Any Alternative or New Recommendations on This Agency: Cosmetology is a immense industry for TDLR that bring in a lot of money. We should have our on Cosmetology entity with an knowledgeable person's in the beauty business.
