Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

I support the recommendation for a consolidated agency structure that will run more efficiently and effectively.  
I am opposed to the structure of a public member only board as I do not believe this would uphold the integrity of the license and no other board that regulates health professionals is composed of only public members.

Any Alternative or New Recommendations on This Agency:

The BHEC board should include professional members as this will enhance consistency in standards.
