Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I don't understand why you sunset always finding ways to attack us cosmetologist... what is that you have against us? Why do you discriminate our profession and our licenses? Why do you want to shame us all the time? Our industry is as important as any other profession... it seems you have always something against us? What have we done for you all to eliminate our instructor licenses? My future my family depends on my profession as an educator...I'm a cosmetology teacher and I teach with all my passion..I was trained, and certified by TEA to teach... and you all saying now instructors are worthless... what's the matter with you all...its not right what you all recommend.. not all stylist are born to be a teacher...it takes someone like me that has that passion...
