Ken,

As I understand this report ~ The Sunset Commission Staff has decided and insist that the TSBVME can basically continue to NOT protect the public and continue in it's present corrupt form....as it always has ? because they can and will if left in their control.

Hopefully the Commission decides differently. Apparently the Texas Public tax's were spent frivolously here.

We notice also that none of our websites were visited by the staff computers, so we assume that none of our hard copy submissions were actually read either, only the short term online survey was considered.

In sort terms, we consider the review somewhat bogus, certainly do not like the bulk of this review and feel it is bias. Our position will certainly be in opposition as the staff has mostly looked at the Vet Boards excuses not actual facts.

This Board needs to be for the Public Protection, not Vet Protection.

Hopefully we receive the media we are expecting concerning these matters and the Public is informed truthfully for a change.

Dear Recipient:

The Sunset Staff Report on the State Board of Veterinary Medical Examiners, as submitted to the Sunset Advisory Commission, is available for your review on our website, www.sunset.texas.gov. To request a hard copy of this report, contact our office. The Sunset Commission has scheduled a public hearing on this report for November 10, 2016. At that time public testimony will be taken. An agenda specifying the meeting time, location, and the order of agencies scheduled for discussion will be available on our website as soon as the meeting has been posted. You may follow announcements by the Sunset Commission on social media through information posted on our website.

If you would like to comment on this report, the Commission would appreciate hearing from you. Your feedback would be most helpful if it includes the following elements:

- your position in support or opposition for each recommendation in the staff report;
- a clear, brief statement of suggested changes, if any, to these recommendations; and
- a clear, concise summary of any new issues or recommendations not included in the report that you would like the Sunset Commission to consider.

If you submit your response by Friday, October 21, we can provide this information to the Sunset Commission members before the public hearing. Comments received in response to a staff report are considered public records, and will be posted on the Sunset website and released to the public upon request.

Thank you for your assistance with the Sunset review process.
